KIDNAPPERS ARE UNDER ARREST

Cleveland Police Capture Man and a Woman.

HAD LARGE SUM OF MONEY

Nearly Ten Thousand Dollars Found on the Woman, Who Is Said to Have Admitted That She Originated the Plot to Kidnap Little Willie Whittle of Sharon, Pa.—Suspects Intoxicated When Arrested.

Cleveland, March 24.—In the arrest here of a man and a woman having \$9,790 in their possession, the police believe they have captured the kidnapers of Willie Whittle. In fact the woman in the case, who is somewhat befuddled, admitted that she had been responsible for the kidnapping. When placed in custody at the central police station she said to Captain Shattuck:

"I am the one who planned the whole thing. There will be trouble for me and hell in Sharon."

Beneath the woman's skirts was found \$9,790. All of it but \$40 was bound in packages with the original slips placed on the money when Whittle took it from the bank still around it.

Captain Norman Shattuck and Detective Frank Wood made the arrests in the east end of the city. When near the police station the man broke away from Detective Wood and ran toward an alley. The policeman fired two shots from his revolver into the air and the man stopped. The woman made no attempt to escape.

The woman appears to be well educated and is refined in manners. She says she spent fifteen years of her life in a convent in Pennsylvania, but denies that she has ever been in trouble before. Both the man and the woman deny that they know the name of each other. They admit they are not man and wife. According to the police they were intoxicated when placed in custody. Due to their condition they were not questioned closely by the police and were locked in separate cells. Both will be arraigned in police court, on the charge of abduction, according to Detective Wood.

Could Not Locate Whittle.

Attempts were made to communicate with Whittle in Sharon, but he could not be located. The man says that he has been a resident of Cleveland for seventeen years. He claims to have a mother and sister here. Captain Shattuck is said to have secured his description of the kidnapers from Willie Whittle and this description led to the arrest.

Willie Whittle told Captain Shattuck on Monday that the woman who kept him a prisoner had smallpox scars on her face. The woman in custody had red spots on her cheeks and appears to have had smallpox. She is a tall blonde, probably twenty-five years old. She was dressed in a black silk skirt, a gray coat and black hat. The man is dark and smooth faced.

Detectives heard that a man and a woman answering the description of the kidnapers had been seen on the outskirts of the city. They came down town and bought numerous articles of clothing, tendering \$5 and \$10 bills in payment, it was learned.

Later a report came that the people had left a package in a downtown store which proved to consist of discarded clothing.

Captain Shattuck and Detective Wood trailed them around the business district of the city for several hours, but delayed taking them into custody. Shortly after nightfall the police learned that the two had gone to the east end of the city. The police walked up behind the pair and Captain Shattuck took the woman by the arm. Detective Wood securing the man. The couple staggered, say the police, as if they were intoxicated. They made no protest against accompanying the officers. The man was downcast and would not talk. The woman chatted with the policeman at her side at first and then asked to be released.

It was then she admitted having planned the kidnapping. In the meantime the man attempted to escape and the revolver shots of Captain Shattuck brought him to a standstill.

Whittle says he has the numbers on the currency bills handed the kidnapers and the police are comparing the notes found in the possession of the prisoners with the memoranda of Whittle.

France in the time of Louis XIV. had private penny post boxes. Letters were franked by means of slips of paper marked "Postpaid."

FAILED TO REACH THE SOUTH POLE

But British Naval Officer Got Close to the Goal.

SUFFERED NO LOSS OF LIFE

Antarctic Expedition Made Perilous Journey Without a Single Fatality. One Party Pushed Forward to the Southern Magnetic Pole—Results Attained Throw Much Light on Past History of Continent.

London, March 24.—Lieutenant E. H. Shackleton of the British navy, commander of the Antarctic expedition which returned on the barkentine Nimrod to Invercargill, New Zealand, although he did not achieve his object, succeeded in getting within 111 miles of the pole. The Nimrod expedition left England in July, 1907, and after reaching the ice fields and making the most elaborate preparations, the main expedition started on a sledge journey which occupied 126 days and traversed 1,708 miles southward. The explorers reached latitude 88.23 and longitude 162 east, which was estimated as 111 miles from the pole.

At the point where the expedition was compelled to turn back the land was 9,000 feet in altitude, trending southward in a vast field of snow, no mountains being in sight.

A second party pushed forward to the southern magnetic pole at latitude 72.25, longitude 154 east. The British flag was left flying at both points. The ascent of Mount Erebus was accomplished with difficulty, and geological discoveries of great importance were made. The results attained have thrown much light on the past history of the Antarctic continent. The expedition suffered no loss of life.

The narrative of Lieutenant Shackleton's achievements shows that the expedition endured the greatest trials and privations.

The motor car, which was useful in the preliminary expeditions, failed on the uneven surface of the barriers of ice. Briefly summarized, the results of the expedition are that a point was reached within 111 miles of the South Pole; the magnetic pole was also reached; eight mountain chains were discovered, and 100 mountains. Mount Erebus, 13,120 feet in altitude, was ascended by the party; a new coast and high mountains were located running west from Victoria Land, and coal measures were discovered in the Antarctic continent. The theory of the existence of an area of atmospheric calm around the South Pole was disproved.

WORLD'S RECORDS BROKEN

Fast Time Made by Automobiles in Florida Races.

Daytona, Fla., March 24.—The seventh annual Daytona automobile races opened with one bicycle, one motorcycle and two automobile events and in each event a former world's record was annihilated. The course was in excellent condition and weather perfect.

The first event was a quarter-mile dash, bicycle, in which there were ten starters. By a fast sprint Fogler, of Brooklyn, flashed across the line a winner, closely followed by Root and Mitten. Time, 30 1/2.

The second event was for 200 miles, open to stock cars. The race, however, was reduced to 100 miles by agreement. Louis Strang drove a great race, going the distance in 1:34:01 1/2, lowering the world's record made by Burman on the New Orleans track last February.

The next event was for the Sir Thomas Dewar \$2,000 trophy, one mile, best two out of three heats. There were two entries, David B. Brown, the millionaire amateur driver in the record-breaking Benz, and Ralph de Palma in a Fiat Cyclone.

Brown on his third heat hurled his great car across the line in 33 seconds flat for the mile, breaking the world's amateur record for the distance held by him of 35 1/2.

The fourth and last event was the one mile motorcycle record trials in which five of the champions of the world competed. William Wray, Jr., of New York rode the mile in 45 seconds flat, lowering his own record 1 1/2 seconds. Walter Goerke and Robert Stubbs also went under the world's record.

Pacific Club Burned Out.

Victoria, B. C., March 24.—The building which was occupied by the Pacific club here was destroyed by fire. Loss between \$150,000 and \$200,000.

New Shirt Waists

Our new Spring line in today

We are in receipt of our new shirt waist lines—those selling from 75c to \$3.00 in white and colors. You'll find some very neat things and will doubtless supply your wants in this line.

"MICHAEL'S"

The Macpherson & Langford Skirts

Very pretty new ones received this morning

We are in receipt of our new line of Macpherson and Langford skirts. These are those matchless tailored skirts and the kind that remains in the same splendid lines after hard service the same as when purchased. These sell at from \$11.50 to \$14.50 each—and are worth more.

"MICHAEL'S"

"CONDOR CHARLIE" QUILTS BRITISH NAVY

Admiral Beresford Goes on the Retired List.

London, March 24.—Great Britain loses today the services of its most picturesque admiral and British private life gains a figure that has been much in the public eye in recent years. The sailor who retires today is Admiral Lord Charles Beresford, who has been in the naval service half a century.

According to the usual course of procedure in the British navy Admiral Beresford would not have been retired until 1911. His retirement now is said to be due to his lack of sympathy with the admiralty and the desire of the naval authorities to group the channel squadron, which he has commanded, with the main fleet under the command of Vice Admiral May.

Lord Beresford's friends believe that he has been forced out of the navy by the faction that follows Sir John Fisher, first lord of the admiralty, with whom he has recently waged a constant strife.

The press is showing much interest as to whether Lord Beresford will stand for parliament, as he has done before, and debate naval policies.

Admiral Beresford has visited America frequently and has many friends in the United States.

Admiral Beresford commanded the British ship Condor at the battle of Alexandria and by his conspicuous bravery in that conflict earned the title of "Condor Charlie." He is one of the best known naval officers in the world.

McFarland Defeats Cross.

New York, March 24.—Packy McFarland, the Chicago lightweight boxer, defeated Leach Cross of this city at the Fairmount Athletic club. The boys weighed in at 135 pounds. In the majority of the rounds McFarland had a decided advantage over the local man. They fought fiercely during the last three rounds and at the final clang of the bell both were struggling all over the ring, each trying to put over a knockout.

Moran Gets the Decision.

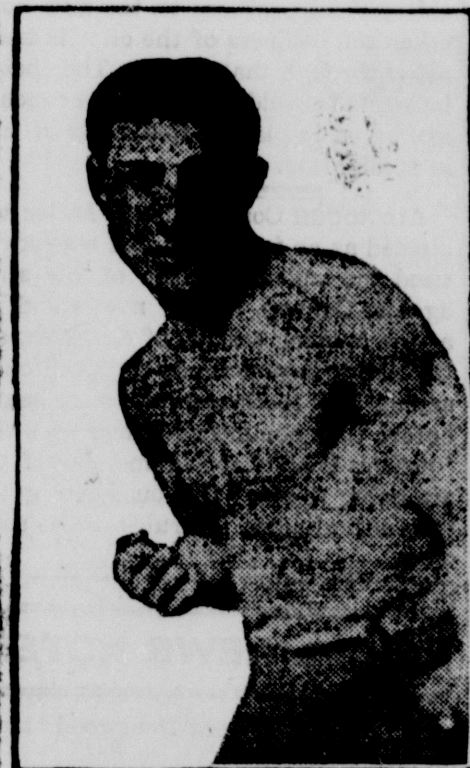

Boston, March 24.—The referee gave Owen Moran of England the decision at the end of a twelve-round bout with Tommy Murphy of New York at the Armory Athletic association. Murphy was the aggressor in the early part of the contest, but in the fifth the Englishman came up strong and held the lead until the close. The bout was a fast and close one throughout, both men finishing in good condition.

NEIL EASY FOR ABE ATTELL

Champion Outboxes and Outfights the California Pugilist.

New York, March 24.—Abe Attell, featherweight champion of the world, outboxed and outfought Frankie Neil of San Francisco in a fast ten-round bout at the Bedford Athletic club in Brooklyn.

The champion had Neil's face cut by ribbons with straight left and right

ABE ATTELL

hand smashes. Neil tried hard, but he was like a novice in the hands of Attell. He landed an occasional left swing on Attell's face, but never with force enough to do any damage. It was Attell's fight all the way.

TRAGEDY FOLLOWS QUARREL

One Missouri Preacher Shoots and Kills Another.

Lebanon, Mo., March 24.—The Rev. M. D. Johnson shot and killed the Rev. Solomon O'Dell of Lebanon, following a quarrel at Kuss, a village near here. The Rev. Mr. Johnson is pastor of the Free Will Baptist church here and the man he killed was pastor of the Cumberland Presbyterian church. Johnson surrendered.

The Rev. Mr. Johnson is a capitalist as well as a pastor. He is president of the Laclede County Telephone company, the lines of which cover this county. Recently some of the subscribers, including the Rev. Mr. O'Dell, made complaint regarding the telephone service. This led to a quarrel between the two preachers. To adjust these differences a conference was held. A quarrel developed at that time and later meeting O'Dell outside, Johnson, according to witnesses, spoke again of the trouble. Witnesses say that the Rev. Mr. O'Dell had an open knife in his hand when the other preacher addressed him, but he closed the knife and began pulling off his coat and that the Rev. Mr. Johnson then drew a revolver and shot him.

OCCUPIES ENTIRE SESSION OF HOUSE

Chairman Payne Concludes His Tariff Speech.

Washington, March 24.—Occupying the entire session of the house, Mr. Payne of New York, chairman of the committee on ways and means, concluded his speech in explanation of the tariff bill. He was on his feet almost all of the five hours and ten minutes that he had the floor. At times he gave evidence of being greatly fatigued and leaned on his desk, hoping in that way to get a little rest.

The majority leader began his speech in no particularly good frame of mind, but as the day wore on he exhibited the best of humor. He closed amid the plaudits of the Republicans, who crowded about him and extended their congratulations. His arguments covered a wide field. He took the position that the bill would not injure the tin plate or steel file industry of the United States and that free hides would not be menace to the farmers. He discussed the inheritance tax at great length and said it was preferable to an income tax because it would not give rise to perjury or fraud. He held to the view, also, that an income tax was wholly unconstitutional.

The minority leader, Mr. Clark of Missouri, followed, and had proceeded but a minute or two when, at the suggestion of Mr. Payne, he suspended and the house adjourned.

"What's a safety match, dad?" "A safety match, my lad," answered the father, "occurs when a baldheaded man marries an armless woman!"

KIDNAPPERS ARE UNDER ARREST

Cleveland Police Capture Man and a Woman.

HAD LARGE SUM OF MONEY

Nearly Ten Thousand Dollars Found on the Woman, Who Is Said to Have Admitted That She Originated the Plot to Kidnap Little Willie Whitla of Sharon, Pa.—Suspects Intoxicated When Arrested.

Cleveland, March 24.—In the arrest here of a man and a woman having \$9,790 in their possession, the police believe they have captured the kidnapers of Willie Whitla. In fact the woman in the case, who is somewhat befuddled, admitted that she had been responsible for the kidnapping. When placed in custody at the central police station she said to Captain Shattuck:

"I am the one who planned the whole thing. There will be trouble for me and hell in Sharon."

Beneath the woman's skirts was found \$9,790. All of it but \$40 was bound in packages with the original slips placed on the money when Whitla took it from the bank still around it.

Captain Norman Shattuck and Detective Frank Wood made the arrests in the east end of the city. When near the police station the man broke away from Detective Wood and ran toward an alley. The policeman fired two shots from his revolver into the air and the man stopped. The woman made no attempt to escape.

The woman appears to be well educated and is refined in manners. She says she spent fifteen years of her life in a convent in Pennsylvania, but denies that she has ever been in trouble before. Both the man and the woman deny that they know the name of each other. They admit they are not man and wife. According to the police they were intoxicated when placed in custody. Due to their condition they were not questioned closely by the police and were locked in separate cells. Both will be arraigned in police court, on the charge of abduction, according to Detective Wood.

Could Not Locate Whitla.

Attempts were made to communicate with Whitla in Sharon, but he could not be located. The man says that he has been a resident of Cleveland for seventeen years. He claims to have a mother and sister here. Captain Shattuck is said to have secured his description of the kidnapers from Willie Whitla and this description led to the arrest.

Willie Whitla told Captain Shattuck on Monday that the woman who kept him a prisoner had smallpox scars on her face. The woman in custody had red spots on her cheeks and appears to have had smallpox. She is a tall blonde, probably twenty-five years old. She was dressed in a black silk skirt, a gray coat and black hat. The man is dark and smooth faced.

Detectives heard that a man and a woman answering the description of the kidnapers had been seen on the outskirts of the city. They came down town and bought numerous articles of clothing, tendering \$5 and \$10 bills in payment, it was learned.

Later a report came that the people had left a package in a downtown store which proved to consist of discarded clothing.

Captain Shattuck and Detective Wood trailed them around the business district of the city for several hours, but delayed taking them into custody. Shortly after nightfall the police learned that the two had gone to the east end of the city. The police walked up behind the pair and Captain Shattuck took the woman by the arm, Detective Wood securing the man. The couple staggered, say the police, as if they were intoxicated. They made no protest against accompanying the officers. The man was downcast and would not talk. The woman chatted with the policeman at her side at first and then asked to be released.

It was then she admitted having planned the kidnapping. In the meantime the man attempted to escape and the revolver shots of Captain Shattuck brought him to a standstill.

Whitla says he has the numbers on the currency bills handed the kidnapers and the police are comparing the notes found in the possession of the prisoners with the memoranda of Whitla.

France in the time of Louis XIV. had private penny post boxes. Letters were franked by means of slips of paper marked "Postpaid."

WHOLE TOWN TURNED OUT

To Celebrate the Safe Return of Willie Whitla.

Sharon, Pa., March 24.—The whole borough of Sharon turned out and participated in the demonstration over the homecoming of Willie Whitla, who, with his father arrived here. A big parade was led by the Buhl Independent Rifles, a national guard company, and the Buhl Rifles' band, both named for Willie's uncle, and thousands of persons marched behind them through the principal streets of the town to the Whitla home, where fully 5,000 persons assembled on the lawn, cheering and giving every evidence of the public participation in the family joy over the recovery of the little wanderer.

The band took a position on the front porch of the Whitla home and played several selections. In a front room were the Whitla family and Detective Ward.

When calls were made for a speech, Mr. Whitla appeared on the porch, accompanied by Rev. Joseph McCartney of the First Presbyterian church, who spoke briefly.

Mr. Whitla then addressed the throng, extending his thanks to all the officials and individuals who had assisted in the search for the boy and expressing the gratitude of his family and himself for the sympathy of the people, which, he said, had done so much to help the family bear up during the darkest hours of their sorrow. He suggested that children be taught by their parents to fear strangers and to make an outcry whenever any stranger should attempt to induce children to accompany him.

With the singing of the "Doxology" by several thousand voices, the demonstration was ended.

ON THE EVE OF HIS WEDDING

Young North Carolina Farmer Murdered in Cold Blood.

Wilmington, N. C., March 24.—On the eve of his wedding, Jerry Bigford, a young white farmer and storekeeper, was murdered in cold blood near Freemans, Columbus county. His body was found lying on the floor of his home near his store, where he lived alone, a shattered window pane giving evidence that the assassin had fired upon his victim from without.

Cleveland and Stillmore Russ, brothers, one of whom is said to have been the victim's rival for the hand of his bride to be, a Miss Squires, have been arrested and are being held pending the coroner's inquest.

YOUTH WAS TOO AMBITIOUS

Wanted Rapid Promotion in the Standard Oil Company.

New York, March 24.—In his quest for occasions for distinguishing himself and thereby obtaining promotion which in time would lead to his being made a director of the Standard Oil company, William Reddy, an eighteen-year-old youth employed in the filling department of the company, confessed that on several occasions he has set fire to the Kent avenue plant of the Standard in Brooklyn.

His object, he declared, was to impress his superiors by his alertness in discovering the blaze and later by his courage and determination in fighting it.

He was locked up on a charge of arson.

NELSON FOUND NOT GUILTY

Minnesota Man Acquitted of Murder Charge.

Bemidji, Minn., March 24.—After being out practically twenty-nine hours, the jury in the Nelson murder case brought in a verdict of not guilty.

Nelson was greatly pleased with the verdict and thanked each individual member of the jury, as well as the judge and his attorney. There is a general feeling of satisfaction at the verdict, as the evidence against Nelson was circumstantial and he has always borne a good reputation, being a pioneer resident of the county and owner of considerable valuable real estate. Fuller, the man killed and for whose death Nelson stood trial had the reputation of being a bad man.

A Slight Error.

When the telegraph operator took the telegram from the queensware drummer asking the house what special articles it could quote "in the vase line," he omitted the space between the two principal words. Thus the drummer never could explain to the boss how he happened to wire home for prices on "vaseline," as if he were traveling for a drug house.—Chicago News.

1882—Henry Wadsworth Longfellow,
American poet, died; born 1807.

1904—Sir Edwin Arnold, noted British
author and poet, died; born 1832.

1905—Venezuela refused arbitration to
settle the United States claims dis-
pute.

ASTRONOMICAL EVENTS.

Sun sets 6:12, rises 5:51; moon sets
9:55 p. m.; 12 night, Jupiter's outer
satellite No. 2 missing because occulted
behind the planet.

A ST. PAUL boy beat out all the girls
at a competitive test on making bus-
cuit at a cooking school, and it was his
first attempt.

THE attorney general has rendered a
decision that no member of the present
state senate is eligible to the office of
governor at the coming election. Good,
that will give some of us other fellows
a chance.

THE most important election of all to
the citizens of Brainerd will be held
within a very short time. It is of the
greatest importance that good men be
selected for positions on the city council
as the business of the city is trans-
acted through that body. The people
interested should turn out to the caucuses
and assist in placing this class of men
in nomination.

ALTHOUGH Congressman Miller was
elected as an insurgent and was adver-
tised and lauded because of his stand
against Cannon, he did not stand pat
at the opening session of congress, and
the Aitkin Age defends his position by
saying that the insurgents were beaten
before they commenced, and adds that
"politics is a queer game but if you
are going to play it you have got to
play according to the rules or be ruled
out."

LOCAL NEWS NOTES

A. T. Larson went Deerwood today
on business.

Daniel DeLury, of Walker, was in
the city last night.

Nellie Renay, of Walker, was at the
City hotel last night.

L. Turner, of St. Paul, was at the
Globe hotel last night.

tle Falls, were Brainerd visitors last
night.

The Royal Neighbors gave a very
pleasant card party last evening at
Cale's hall.

Awnings! Awnings! at D. M. Clark
& Co. 234tf

E. K. Woodin, of Emily, returned
yesterday afternoon from a visit to the
twin cities on business.

J. C. Schultz, the traveling auditor
of the M. & I. railroad, returned today
from a business trip up the road.

Mrs. Mary Kemp, of Superior, who
has been visiting her son Harry Kemp,
left this afternoon for her home.

D. B. Newcomb, traveling auditor
of the Northern Express company, was
in the city last night on business.

Mrs. Henry Towers, of St. Paul, is
visiting friends in this city. She re-
ports that Mr. Towers is in poor health.

The juvenile band will give a grand
ball on the evening of April 22. Ex-
cellent dance music will be furnished
by the band.

Mr. and Mrs. A. B. Palmer, of Be-
midji, were in Brainerd today on their
way home from a visit to Iowa and
Illinois points.

White Brothers commenced work
this morning repairing the Jens Mol-
sted building which was recently
damaged by fire.

Mrs. P. E. McCabe went to Duluth
this afternoon to visit her son Edward
and attend the performance of Ben
Hur there tonight.

I. E. P. Staede, of Minneapolis, was
in the city today on his way to Walker
to look after his banking and other bus-
iness interests there.

Miss R. D. Bennett and Miss Isabel
Pernault, of Big Falls, were in the city
yesterday afternoon and evening on
their way to Montana.

E. W. Peck, state secretary of the
Y. M. C. A., arrived in the city this
afternoon and will be here for a day or
so to advise with the local association.

Anyone wishing buttonholes made
call at 702 South Tenth St. 246t5p

Martin Loso, of St. Cloud, who has
been visiting his sister, Mrs. J. W.
Koop, for a day, went to Staples to
visit another sister, Mrs. W. D. Lewis.

Mr. and Mrs. Gussie Small are the
happy parents of a 10 pound girl which
arrived at their home yesterday morn-
ing. Mother and child are doing nicely.

F. E. Farrand, C. C. Dickman and
Wm. Dickman of Sumner, Iowa, ar-
rived in Brainerd today to look after
their landed and other interests in
Crow Wing county.

Thursday night Mr. Otto Olson will
give an exhibition of fancy skating at
Casino Roller Rink. 245t4

C. D. Herbert is building an addition
to the kitchen of his lunch room at
the corner of Sixth and Main streets.
If he keeps on he will have a full
fledged hotel there yet.

The Y. M. C. A. is planning a checker
tournament which will probably be
pulled off in the near future, providing
sixteen checker players can be found
willing to participate.

Mr. and Mrs. Evan Ingersoll, of
Syracuse, N. Y., arrived in this city to
visit at the home of his uncle and aunt,
Mr. and Mrs. O. W. Merwin, 728
Fourth avenue northeast.

P. Miller, of Miller Bros. & Co., the
new wholesale cigar dealers of this
city, left this afternoon for Pine River
and other points on the M. & I. rail-
way, in the interests of his firm.

IF you are going to have your eyes
fitted to glasses, and want them
correct, don't fail to see Dr. Bruns at
the Ransford about them. He remains
all day tomorrow. Examination is free.

Ballard, an experienced carpet re-
novator on the floor, will be here for a
short time. If you have such work
call or phone Antlers Hotel. 244t6

A decree of divorce on the ground of
incompatibility has been granted Mrs.
Mabel I. Meyers against Benjamin P.
Meyers. She is given the custody of the
only child, a boy of three years of age.

"The world do move." The Heino
& Bannon sign which has graced the
front of the Columbian building was
removed a day or so ago. The firm
has been out of business for five or six
years.

About a dozen of the friends of Fred
Bennett gathered at his home on Bluff
avenue north last evening in honor of
his tenth birthday. A very pleasant
evening was spent with games and re-
freshments.

Mrs. Emma Hallett and Lee Hallett
returned today from their visit to Du-
luth. Little Emma Jean Clarkson, the
granddaughter of Mrs. Hallett, came
with them and will visit here for a
couple of weeks.

Jacob Schmidt's bottle beer is deli-
cious. We have the agency. Order a
case. Telephone 164 John Coates Liquor
Co. tf

A stereopticon exhibition consisting
mainly of views of the life of Christ
will be given at the First Baptist
church Friday evening, March 26th.
It will be accompanied by a recitative
description in verse.

Miss Ruth Parker returned yester-
day from Verndale, the schools there

having closed a week ahead of time for
the spring vacation because of scarlet
fever. Miss Parker expects to be
home for three weeks.

A. K. Lukens has bought the Atlan-
tic and Pacific Tea company business
from A. J. Stepp and is handling it in
connection with his grocery business.
Mr. Stepp and family will move onto
their homestead near Baudette.

Con O'Neill was arraigned in the
municipal court this morning charged
by J. C. Becker with stealing wood
from the swamp between the Second
and Third wards. The case was con-
tinued until Saturday Mr. O'Neill be-
ing in the custody of the sheriff mean-
while.

Mr. and Mrs. Wm. Durham, of this
city and Mr. and Mrs. L. D. Beach, of
Northome, came down from that place
today bringing with them the remains
of James Johnston, the father of the
ladies, who died at Northome on Mon-
day. Mr. and Mrs. Beach left this af-
ternoon for Chatham, Ont., with the
remains, which will be buried there.

Ed. Rogers, one of Walker's leading
attorneys and the erstwhile famous
University of Minnesota football player
and coach was in Brainerd today on his
way to Minneapolis, accompanied by
Mrs. Rogers and by Punk Webster
Rogers. The young gentleman is aged
two months and is announced by his
father as a coming left end on the Uni-
versity of Minnesota foot ball team.

Miss Jennie Lindeen, of this city, and
Arthur Krog, formerly of this city were
united in matrimony in Duluth on Mon-
day. They will make that city their
future home, the groom having a good
position in the Goldstein clothing es-
tablishment in the Zenith city. He
was an employee of Henry I. Cohen
when that gentleman was in the gen-
eral merchandise business in this city.

Mrs. Henry I. Cohen returned last
night from Chicago, where she has
been for the past seven weeks. She
went there intending to be absent
about two weeks but was taken sick
with the gripe and is just able to
come home. She is gaining rapidly
now but feels the change in the weather
as it was very warm and spring like
when she left.

Mrs. Jane Lundy, mother of Mrs.
Geo. A. McKinley, is seriously ill at
the home of her daughter in this city.
Mrs. Lundy is 85 years of age and con-
siderable alarm is felt over her con-
dition. Two of her daughters from
away, Mrs. M. E. Norton, of Janes-
ville, Minn., and Mrs. M. O. Simons,
of Greenland, Minn., are present and
another, Mrs. Wyman Rider, from near
Waubay, S. D., is expected here in a
day or so.

Hiram M. Mooers left today on his
maiden trip in the interest of Hunt's
Perfect Baking Powder and spices,
which he will represent in Central Min-
nesota. Mr. Mooers started his work
by canvassing this city this forenoon
and taking an order from every grocer
on whom he called. He was always
popular as a retail salesman and will
withoutdoubt make good in his new po-
sition. Brainerd will be his headquar-
ters hereafter.

F. J. Egan, for several years civil
engineer for the M. & I. railway, has
resigned his position and will be suc-
ceeded by J. H. Davidson, of St. Paul.
Mr. Davidson was in charge of the
work on the new shop buildings here a
couple of years ago and has many
friends here who will be glad to know
that he is to make Brainerd his future
home. Mrs. Davidson will arrive in
this city Monday next to join her hus-
band. Mr. Egan states that he has
not as yet decided on his future work.
His many friends here not only wish
him success but are certain he will at-
tain it whatever work he may take up.
Mr. Egan and Mr. Davidson went up
over the line of the railroad together
today.

**Beware of Ointments for Catarrh that
Contain Mercury,**

as mercury will surely destroy the sense of smell
and completely derange the whole system when
entering it through the mucous surfaces. Such
articles should never be used except on pre-
scriptions from reputable physicians, as the damage
they will do is ten fold to the good you can possibly
derive from them. Hall's Catarrh Cure, manufac-
tured by F. J. Cheney & Co., Toledo, O., contains
no mercury, and is taken internally, acting directly
upon the blood and mucous surfaces of the system.
In buying Hall's Catarrh Cure be sure you
get the genuine. It is taken internally and made
at Toledo, Ohio, by F. J. Cheney & Co. Testimon-
ials free.
Sold by druggists. Price, 75c. per bottle.
Take Hall's Family Pills for constipation.

Virago.
The word "virago," which dictio-
naries now define as meaning "a bold,
impudent, turbulent woman, a term-
agant," originally signified, both by de-
rivation and in use, just a manly wom-
an, in the sense of a heroine or ama-
zon. When Plautus spoke of a servant
maid as a "virago," he merely meant
that she was a strapping young wom-
an, and the Romans applied the word
with no intention of irreverent rudi-
ness to Diana and Minerva. The Vul-
gate even has "virago" simply for wo-
man, as the name given by Adam to
his helpmate. In Latin the word never
became twisted into the unkindly
sense that has come about in English.

A Turk Who Wanted to Know.

He was a very wealthy landlord and
a descendant of the old sultans of
Marash and Albistan. He would ask
us every question under the sun—from
the history of the royal family to the
views of the English on matrimony;
whether England was smaller than
London and which belonged to France;
how much bigger the Turkish fleet
was than the combined armaments of
England, France and Russia and what
was the fashionable costume at home.
We drew elaborate maps of the world
for his benefit on paper six inches by
eight inches and the most artistic and
faithful portraits of trains, steamers
and hansom cabs. And I think I may
say with perfect confidence that, after
gravely discussing our statements with
his servants and neighbors, he disbe-
lieved them all with perfect impar-
tiality.—Notes From a Diary in Asiatic
Turkey.

What Heaven Is.

The wife of a minister was enter-
taining some friends the other day
when one of the visitors asked the
domestic wife if she had ever painted a
mental picture of heaven. She said
that she had not. Moreover, she de-
clared, she had not thought it neces-
sary to do so.

"Do you mean to say," inquired one
of the visitors, with a show of sur-
prise, "that you have listened to your
husband's sermons without feeling that
you know what heaven is like?"

"I mean to say that I have not given
the matter much thought. When my
husband dies I want to go wherever he
goes. That will be heaven enough for
me," announced the clergyman's wife.

One of the women told her husband
that night what the minister's wife
said, and the brute remarked:

"That's what I call love that never
grows cold."

A Powerful Plea.

A count whose normal position was
one of insolvency paid court to the
daughter of a millionaire. When inter-
viewing her father the impecunious
sultor remarked ingeniously, "Be as-
sured, sir, that in asking you for your
daughter I am gulped by no selfish or
interested motives. All your daugh-
ter's marriage portion will go to my
creditors!"

as mercury will surely destroy the sense of smell and completely derange the whole system entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made at Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Virago.

The word "virago," which dictionaries now define as meaning "a bold, impudent, turbulent woman, a termagant," originally signified, both by derivation and in use, just a manly woman, in the sense of a heroine or amazon. When Plautus spoke of a servant maid as a "virago," he merely meant that she was a strapping young woman, and the Romans applied the word with no intention of irreverent rudeness to Diana and Minerva. The Vulgate even has "virago" simply for woman, as the name given by Adam to his helpmate. In Latin the word never became twisted into the unkindly sense that has come about in English. —London Notes and Queries.

A Turk Who Wanted to Know.

He was a very wealthy landlord and a descendant of the old sultans of Marash and Albistan. He would ask us every question under the sun—from the history of the royal family to the views of the English on matrimony; whether England was smaller than London and which belonged to France; how much bigger the Turkish fleet was than the combined armaments of England, France and Russia and what was the fashionable costume at home. We drew elaborate maps of the world for his benefit on paper six inches by eight inches and the most artistic and faithful portraits of trains, steamers and handsome cabs. And I think I may say with perfect confidence that, after gravely discussing our statements with his servants and neighbors, he disbelieved them all with perfect impartiality.—Notes From a Diary in Asiatic Turkey.

What Heaven is.

The wife of a minister was entertaining some friends the other day when one of the visitors asked the dominie's wife if she had ever painted a mental picture of heaven. She said that she had not. Moreover, she declared, she had not thought it necessary to do so.

"Do you mean to say," inquired one of the visitors, with a show of surprise, "that you have listened to your husband's sermons without feeling that you know what heaven is like?"

"I mean to say that I have not given the matter much thought. When my husband dies I want to go wherever he goes. That will be heaven enough for me," announced the clergyman's wife.

One of the women told her husband that night what the minister's wife said, and the brute remarked: "That's what I call love, that never grows cold."

A Powerful Plea.

A count whose normal position was one of insolvency paid court to the daughter of a millionaire. When interviewing her father the impetuous suitor remarked ingeniously, "Be assured, sir, that in asking you for your daughter I am guided by no selfish or interested motives. All your daughter's marriage portion will go to my creditors!"

BUILDING WILL BE OF CONCRETE

**A. L. Hoffman Expects to Erect
a Reinforced Concrete
Business Block**

DETAILS ARE NOT SETTLED

**Is not yet Certain as to Tenants
and Wishes to Finish to
Suit Occupants**

A. L. Hoffman announces that he will erect a block on the site of his recently burned building on the corner of Laurel and Sixth streets some time this season. The building will be the first of its kind to be erected in Brainerd. It will be of concrete reinforced with steel. He is yet undecided as to whether he will make it two or three stories in height. The walls, however, will be built strong enough to carry a four story building, should it become desirable or necessary in the future.

He states that the building will be very plain but it will be practically indestructible. He does not know as yet when he will commence construction, but probably will not do so until rather late in the season. He states that he is not yet certain as to who will occupy the building, though he has had applications for more space than he will have, and he is delaying on his plans so as to plan the building to suit permanent tenants.

Notice to Contractors

Sealed proposals for bids will be received by the board of education of the Brainerd school district at the office of the secretary, 618 Front street, Brainerd, Minn., up to the hour of 7 o'clock p. m. of April 5th, 1909, for the furnishing and supplying of the requisite labor and material for construction of an air duct in the Lowell school building, as per the plans and specifications now on file at the office of the secretary of said board of education.

The board reserves the right to reject any or all bids.

L. F. HOHMAN,
Secretary.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. H. P. Dunn's drug store.

Not at the Theater.

The absentminded man didn't look up from his paper when the conductor came around. He just felt in his side pocket for his ticket and handed the ticket to the conductor. The ticket, however, was a theater coupon.

"Here," spoke up the conductor rather sharply; "this doesn't go. Come on with the right one."

The absentminded man glanced down over the top of his paper at the coupon.

"Well," he snapped, "that's the coupon off the ticket the man gave me, and I purpose to occupy this seat right through all three acts. You can just—"

Then he came out of the fog and, with a sheepish look, fished out the car ticket.—Cleveland Plain Dealer.

"Will you, ma'am," asked an Irish beggar, "give me a drink of water, for I am so hungry that I don't know where I'll sleep tonight?"

Vagaries of a Cold

You can never be quite sure where a cold is going to hit you. In the fall or winter it may settle in the bowels, producing intense pain. In the summer it may give you colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the painful cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis. It is now put up in a large 35c size as well as the regular 50c size.

TO MEET STATE SECRETARY

**A Number of the Leading Business
and Shop Men to Dine at the
Y. M. C. A. this Evening**

The directors and general secretary of the Y. M. C. A. have invited a number of the leading business and shop men of the city to dine at the building at 6:15 this evening. They are to meet with Mr. Peck, the state secretary of the association and matters concerning the association and its future work in this city will be informally discussed. A very pleasant social time is expected.

Political Pointers

Don't forget the republican caucuses Thursday evening.

Pete Cardle has decided to be an independent candidate for alderman in the Fifth ward and is circulating his petition today.

J. H. Warner has decided to enter the race for municipal judge and is out with a petition for signers as an independent candidate.

Edward Crust will be the republican nominee for mayor without oppositor, and without doubt will be reelected to the position which he has filled satisfactorily during the past four months.

It is understood that D. M. Clark is considering the proposition of becoming an independent candidate for mayor at the coming election. Mr. Clark is not seeking the position but many of his friends have importuned him to allow the use of his name and it is quite likely that he will consent.

C. H. Paine and W. P. Robertson are spoken of as probable candidates for aldermen from the Second ward.

School Report

The following is the report of District No. 3 for month ending March 19, 1909. No pupils enrolled 55. Total number of days by all pupils, 544. Average daily attendance, 27. Those attending every day during month were Len Thompson, Lloyd Taylor, Robert Potter, John Thompson, Earl Thomas, Ray Schendal and Ethel Haaker. Absent only one day, Dorothy Gibb, Lillie Albertson, Mary Hughey, Hazel Julie, Mary Peterson, Fred Sandgren, Harry Sandgren, Hazel Gibb, Morris Haaker and Paul Haaker.

JENNIE K. NELSON,
Teacher.

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." H. P. Dunn's drug store.

FLORIDA BEACH AUTO RACES

**Famous Drivers Entered in Great
Speed Carnival.**

Daytona, Fla., March 23.—With the firing of the pistol starting the Florida stock car prize class race this morning the seventh annual international automobile races on Daytona beach began. The opening race will be followed by twenty-one events, contested on four days, the last event of the speed carnival being a bicycle race on Friday.

It is expected that all sorts of automobile, motor cycle, aeroplane and bicycle records will be broken during the four-day tournament. Some of the best automobile drivers of the world are here and their ranks are reinforced by motor cyclists and bicyclists of international reputation. The aeroplanists are not so well known, but keen interest is expressed in their contest.

Among the events on the programme are the Minneapolis trophy race, the two-mile-a-minute speed crown race, the one-mile record for the Sir Thomas Dewar \$2,000 trophy, the international free for all race, the Vanderbilt cup competitors' race, the motor cycle 100-mile Marathon and the aeroplane speed trials for the cash prizes offered by President Bishop of the Aero club of America. Of especial interest is the invitation match automobile race, in which George Robertson, Lewis Strang, Herbert Lytle, Ralph de Palma and other noted drivers are entered.

Daytona and the other towns along and near the famous sand course are crowded with visitors from all parts of the United States. A record breaking attendance for the races is assured.

"John, you said that we would have to give up luxuries and only allow ourselves necessities."

"Yes, my dear."

"But you came home last night late in a taxicab. I heard it."

"That—er—that was a necessity, my dear."—Boston Transcript.

Jack—Was her father violent when you asked for her hand? Tom—Was he! Great Scott, I thought he would shake my arm off.—Boston Transcript.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Honey and Tar. H. P. Dunn's drug store.

WHY YOU HAVE THE DYSPEPSIA

**The Most Certain Cure for all
Stomach Trouble is Wait-
ing for You**

END ALL STOMACH MISERY

**Diapiesin Gives Relief in Five
Minutes and Thoroughly Reg-
ulates Your Stomach**

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pasty, irritate its juices with spices and acids and expect this little four-ounce mill to do the work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, stomach gas and stomach poison, putrefying the intestines and digestive canals, causing biliousness, headache, dizziness and indigestion, heartburn, nauseous breath, constipation and other more dangerous symptoms?

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and erupts undigested food—or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Diapiesin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because in contains just the elements found in a good, strong, healthy stomach.

Auction Sale

The Ladies Aid of the Swedish M. E. church Brainerd, Minn., will give an auction sale at the church, N. E. Kindred St., Friday, March 26 at 8 p. m. Numerous useful articles are to be sold. After the sale the ladies will serve refreshments. A cordial welcome to all.

A DANGEROUS MISTAKE

**Brainerd Mothers Should Not Neglect
Kidney Weakness in
Children**

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles. To blame the child for its own distress.

Seek to cure the kidneys. Save the child from deadly kidney ills.

Doan's Kidney Pills cure sick kidneys.

Brainerd parents recommend them.

C. M. Snell, living at 411 Fourth Ave., N. E., Brainerd, Minn., says: "My grandson was afflicted with disordered kidneys from birth until cured by Doan's Kidney Pills three years ago. He had but little control over the action of the kidney secretions, the trouble being particularly annoying during the night. He was also subject to backache and his general health was very poor. Three years ago Doan's Kidney Pills were procured from H. P. Dunn's drug store and he began their use. When he had taken the contents of four boxes, the result was a complete cure. Not a symptom of kidney complaint was left and his health is now as good as the average."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

National Purity Congress.

Des Moines, Ia., March 24.—Recording Secretary Mrs. Ida B. Wise states that the National Purity Congress will be held in Burlington, Ia., during the first week in October. Judge Ben B. Lindsey will be one of the speakers.

Golf was a popular game in Scotland in 1457. By an edict of James VI. issued in 1471 the games of golf and football were prohibited in that country, yet James opposed his own edict by playing golf himself, and he was considered in those days a crack player.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. H. P. Dunn's drug store.

MUSIC AND DRAMA

Brewster's Millions

A more improbable plot than that of Brewster's Millions would be hard to imagine, yet the play is one of the best comedies ever seen in Brainerd. The trials and tribulations of Monty Brewster in getting away with a million dollars in a year were something startling. Robert Ober, as Monty, is certainly a very clever actor and he was well supported. The staging of the piece was excellent, the scenic scene being one of the finest pieces of stage craft ever seen in Brainerd. The audience was large and was very enthusiastic throughout the performance.

At the Unique

"Nothing ever better shown in this city," that was the verdict of audiences that saw "Jerusalem at the Time of Christ" in life motion photography. This subject will be repeated Wednesday and Thursday at this theatre and the watchword is, "Do not miss it." Miss Graham sings "The Holy Light," which is in keeping with the above mentioned feature film and proves to be a strong number.

The Wolf

With the coming of "The Wolf" to the opera house March 30, a distinct dramatic novelty is promised. It is by Eugene Walter who is also the author of "Paid in Full" both plays running simultaneously at Broadway theatres last season. The locale of "The Wolf" is laid in the Hudson Bay vicinity, and portrays a group of rugged characters typical of Canada's frontier—as picturesque as they are human.

WILL NOT CALL A STRIKE

**Anthracite Mine Workers Not Likely
to Quit Work.**

Scranton, Pa., March 24.—With the preliminary work of organizing the tri-district convention of the anthracite mine workers out of the way and with the delegates ready to take up the question of a new agreement with their employers, the impression grows among those who are watching the developments in the hard coal fields that the mine workers will not call a strike unless something not now on the surface develops.

National President T. L. Lewis presided and in opening the convention made a brief speech in which he appealed to the men to stand together and to carry into effect any policy that may be decided upon in the convention.

If a strike is suggested it is said there will be a sharp contest on the floor of the convention. The conservative men favor the plan of working without an agreement if the operators will not grant the men the demands they have presented.

The committee which held the conference with the coal operators in Philadelphia will make its report to the convention today, after which it is expected the committee on resolutions and the "policy committee" will present their reports.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache or irregularities that if neglected might result in Bright's disease or diabetes. H. P. Dunn's drug store.

TORNADO KILLS ONE PERSON

**Injures Four Others and Damages
Much Property in Texas.**

Laredo, Tex., March 24.—One person was killed, four others were injured and property damage estimated at \$75,000 resulted from a tornado which swept through this city and vicinity and destroyed all wire communication to the north of Laredo. The roundhouse of the Mexican National railroad was demolished. The orphanage of the Sisters of Guadalupe was also completely destroyed, but the little waif occupants were rescued unhurt. Many residences were blown down and others damaged. The storm was felt as far south as Lajarta on the National railroad.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wol-kush, Casimer, Wis. H. P. Dunn's drug store.

Homemade Pocket Lamp.

A simple and safe pocket lamp that will last for about six months without extra expense can be made at home for a few cents.

Have your druggist take a strong vial of clear glass or a pill bottle with screw or cork top and put into it a piece of phosphorus about the size of a pea and fill the bottle one-third full of pure olive oil that has been heated for fifteen minutes, but not boiled. Cork tightly, and the result will be a luminous light in the upper portion of the bottle. If the light becomes dim, uncork and recork again. The lamp will retain its brilliancy for about six months. This makes a perfectly safe lamp to carry. These lamps are used by watchmen of powder magazines. Care should be exercised in handling the phosphorus, as it is very poisonous.—Popular Mechanics.

Advertising and Doing

Our advertising isn't all sound, no substance.

It's straight-from-the-shoulder truth.

We say that you're welcome, in print; we prove it in person,—whether you come to buy, or merely to look us over—to learn the unusual style and quality of clothes made by

The House of Kuppenheimer.

We realize that every favorable impression we create has a money value to us now, or in the far-away future.

We keep our printed promises—in spirit and in letter.

We believe it's good business.

You need an Automobile Style Rain Coat. The cut and tailoring of these coats places them in line with a first class Spring Overcoat.

Advantage of Red Hair.

An eastern editor is wasting time and space showing that red haired girls need no pity. Of course they don't. Men admire their hair and women envy it. The blond and the brunette have a bit the better of the flame colored girl in a variety of colors they can use. There the superiority ends, for given the proper hue, the one that sets off her crown of red to the best advantage, the bricktop has her sisters "beaten to a frazzle," in the Rooseveltian language. An artistic red haired girl is the most striking and impressive picture that femininity makes.

It's the boy with the carrotty locks who deserves sympathy and doesn't get it. Red hair usually goes with a sensitive disposition, and the horrors of the life that a bricktop leads at school and play need a Dante of childhood to set forth. He is the target of all the wit and satire the schoolboy mind can conjure up, the butt of the jokes. Even sympathetic girls get a Roman amphitheater crust over their kind hearts. If they don't indulge in these scaring personalities they laugh at them.—Cleveland Leader.

A friend of Dr. Samuel Johnson once told him that she wanted to purchase some new publications and asked him if she might trust to the reviewers. "Infinitely, my dear Lucy," he replied, "provided you buy what they abuse and never buy anything they praise."

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

**Dr. Shoop's
Rheumatic Remedy**

FLORIDA BEACH AUTO RACES

Famous Drivers Entered in Great
Speed Carnival.

Daytona, Fla., March 23.—With the firing of the pistol starting the Florida stock car prize class race this morning the seventh annual international automobile races on Daytona beach began. The opening race will be followed by twenty-one events, contested on four days, the last event of the speed carnival being a bicycle race on Friday.

It is expected that all sorts of automobile, motor cycle, aeroplane and bicycle records will be broken during the four-day tournament. Some of the best automobile drivers of the world are here and their ranks are reinforced by motor cyclists and bicyclists of international reputation. The aeroplanists are not so well known, but keen interest is expressed in their contest.

Among the events on the programme are the Minneapolis trophy race, the two-mile-a-minute speed crown race, the one-mile record for the Sir Thomas Dewar \$2,000 trophy, the international free for all race, the Vanderbilt cup competitors' race, the motor cycle 100-mile Marathon and the aeroplane speed trials for the cash prizes offered by President Bishop of the Aero club of America. Of especial interest is the invitation match automobile race, in which George Robertson, Lewis Strang, Herbert Lytle, Ralph de Palma and other noted drivers are entered.

Daytona and the other towns along and near the famous sand course are crowded with visitors from all parts of the United States. A record breaking attendance for the races is assured.

"John, you said that we would have to give up luxuries and only allow ourselves necessities."

"Yes, my dear."

"But you came home last night late in a taxicab. I heard it."

"That—er—that was a necessity, my dear."—Boston Transcript.

Jack—Was her father violent when you asked for her hand? Tom—Was he! Great Scott, I thought he would shake my arm off.—Boston Transcript

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Honey and Tar. H. P. Dunn's drug store. mwf

WHY YOU HAVE THE DYSPEPSIA

The Most Certain Cure for all
Stomach Trouble is Wait-
ing for You

END ALL STOMACH MISERY

Diapepsin Gives Relief in Five
Minutes and Thoroughly Reg-
ulates Your Stomach

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do the work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, stomach gas and stomach poison, putrefying the intestines and digestive canals, causing biliousness, headache, dizziness and indigestion, heartburn, nauseous breath, constipation and other more dangerous symptoms?

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and erupts undigested food, or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Diapepsin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because in contains just the elements found in a good, strong, healthy stomach.

Auction Sale

The Ladies Aid of the Swedish M. E. church Brainerd, Minn., will give an auction sale at the church, N. E. Kindred St., Friday, March 26 at 8 p. m. Numerous useful articles are to be sold. After the sale the ladies will serve refreshments. A cordial welcome to all.

A DANGEROUS MISTAKE

Brainerd Mothers Should Not Neglect
Kidney Weakness in
Children

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles.

To blame the child for its own distress.

Seek to cure the kidneys.

Save the child from deadly kidney ills.

Doan's Kidney Pills cure sick kidneys.

Brainerd parents recommend them.

C. M. Snell, living at 411. Fourth Ave., N. E., Brainerd, Minn., says: "My grandson was afflicted with disordered kidneys from birth until cured by Doan's Kidney Pills three years ago. He had but little control over the action of the kidney secretions, the trouble being particularly annoying during the night. He was also subject to backache and his general health was very poor. Three years ago Doan's Kidney Pills were procured from H. P. Dunn's drug store and he began their use. When he had taken the contents of four boxes, the result was a complete cure. Not a symptom of kidney complaint was left and his health is now as good as the average."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

National Purity Congress.

Des Moines, Ia., March 24.—Recording Secretary Mrs. Ida B. Wise states that the National Purity congress will be held in Burlington, Ia., during the first week in October. Judge Ben B. Lindsey will be one of the speakers.

Golf was a popular game in Scotland in 1457. By an edict of James VI. issued in 1471 the games of golf and football were prohibited in that country, yet James opposed his own edict by playing golf himself, and he was considered in those days a crack player.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes H. P. Dunn's drug store. mwf

MUSIC AND DRAMA

Brewster's Millions

A more improbable plot than that of Brewster's Millions would be hard to imagine, yet the play is one of the best comedies ever seen in Brainerd. The trials and tribulations of Monty Brewster in getting away with a million dollars in a year were something startling. Robert Ober, as Monty, is certainly a very clever actor and he was well supported. The staging of the piece was excellent, the yacht scene being one of the finest pieces of stage craft ever seen in Brainerd. The audience was large and was very enthusiastic throughout the performance.

At the Unique

"Nothing ever better shown in this city," that was the verdict of audiences that saw "Jerusalem at the Time of Christ" in life motion photography. This subject will be repeated Wednesday and Thursday at this theatre and the watchword is, "Do not miss it." Miss Graham sings "The Holy Light," which is in keeping with the above mentioned feature film and proves to be a strong number.

The Wolf

With the coming of "The Wolf" to the opera house March 30, a distinct dramatic novelty is promised. It is by Eugene Walter who is also the author of "Paid in Full" both plays running simultaneously at Broadway theatres last season. The locale of "The Wolf" is laid in the Hudson Bay vicinity, and portrays a group of rugged characters typical of Canada's frontier—as picturesque as they are human.

WILL NOT CALL A STRIKE

Anthracite Mine Workers Not Likely
to Quit Work.

Scranton, Pa., March 24.—With the preliminary work of organizing the tri-district convention of the anthracite mine workers out of the way and with the delegates ready to take up the question of a new agreement with their employers, the impression grows among those who are watching the developments in the hard coal fields that the mine workers will not call a strike unless something not now on the surface develops.

National President T. L. Lewis presided and in opening the convention made a brief speech in which he appealed to the men to stand together and to carry into effect any policy that may be decided upon in the convention.

If a strike is suggested it is said there will be a sharp contest on the floor of the convention. The conservative men favor the plan of working without an agreement if the operators will not grant the men the demands they have presented.

The committee which held the conference with the coal operators in Philadelphia will make its report to the convention today, after which it is expected the committee on resolutions and the "policy committee" will present their reports.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache or irregularities that if neglected might result in Bright's disease or diabetes. H. P. Dunn's drug store. mwf

TORNADO KILLS ONE PERSON

Injures Four Others and Damages
Much Property in Texas.

Laredo, Tex., March 24.—One person was killed, four others were injured and property damage estimated at \$75,000 resulted from a tornado which swept through this city and vicinity and destroyed all wire communication to the north of Laredo. The roundhouse of the Mexican National railroad was demolished. The orphanage of the Sisters of Guadalupe was also completely destroyed, but the little wall occupants were rescued unhurt. Many residences were blown down and others damaged. The storm was felt as far south as Lajarta on the National railroad.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolush, Casimer, Wis. H. P. Dunn's drug store. mwf

Homemade Pocket Lamp.

A simple and safe pocket lamp that will last for about six months without extra expense can be made at home for a few cents.

Have your druggist take a strong vial of clear glass or a pill bottle with screw or cork top and put into it a piece of phosphorus about the size of a pea and fill the bottle one-third full of pure olive oil that has been heated for fifteen minutes, but not boiled. Cork tightly, and the result will be a luminous light in the upper portion of the bottle. If the light becomes dim, uncork and recork again. The lamp will retain its brilliancy for about six months. This makes a perfectly safe lamp to carry. These lamps are used by watchmen of powder magazines. Care should be exercised in handling the phosphorus, as it is very poisonous.—Popular Mechanics.

Advertising and Doing

Our advertising isn't all sound, no substance.

It's straight-from-the-shoulder truth.

We say that you're welcome, in print; we prove it in person,—whether you come to buy, or merely to look us over—to learn the unusual style and quality of clothes made by

The House of Kuppenheimer.

We realize that every favorable impression we create has a money value to us now, or in the far-away future.

We keep our printed promises—in spirit and in letter.

We believe it's good business.

You need an Automobile Style Rain Coat. The cut and tailoring of these coats places them in line with a first class Spring Overcoat.

Advantage of Red Hair.

An eastern editor is wasting time and space showing that red haired girls need no pity. Of course they don't. Men admire their hair and women envy it. The blond and the brunette have a bit the better of the flame colored girl in a variety of colors they can use. There the superiority ends, for given the proper hue, the one that sets off her crown of red to the best advantage, the bricktop has her sisters "beaten to a frazzle," in the Rooseveltian language. An artistic red haired girl is the most striking and impressive picture that femininity makes.

It's the boy with the carrotty locks who deserves sympathy and doesn't get it. Red hair usually goes with a sensitive disposition, and the horrors of the life that a bricktop leads at school and play need a Dante of childhood to set forth. He is the target of all the wit and satire the schoolboy mind can conjure up, the butt of the jokes. Even sympathetic girls get a Roman amphitheater crust over their kind hearts. If they don't indulge in these scaring personalities they laugh at them.—Cleveland Leader.

A friend of Dr. Samuel Johnson once told him that she wanted to purchase some new publications and asked him if she might trust to the reviewers.

"Infinitely, my dear Lucy," he replied, "provided you buy what they abuse and never buy anything they praise."

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and banish this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

**Dr. Shoop's
Rheumatic Remedy**

Scene from Eugene Walter's great play "THE WOLF"

SENATE KILLS TRADING STAMP

Passes Bill Prepared by Judiciary Committee.

NO STATE-WIDE PROHIBITION

Measure Offered by Representative Lobeck of Alexandria Killed in the House—Anti-Treating Bill Meets the Same Fate—House in Committee of the Whole Recommends Passage of Bill to Reduce Mortgage Registry Tax.

St. Paul, March 24.—After a speech by Senator G. P. Wilson the senate passed the bill killing the trading stamp. The bill was one prepared by the judiciary committee after argument in which the best lawyers of the state talked on the constitutionality of the proposed act. The bill prohibits the usual trading stamp, but permits them when the article is stated for which the stamp is good and provided that no definite number of stamps be required before something is obtainable.

Two state senators indulged in personalities at the meeting of the subcommittee of the senate roads and bridges committee appointed to apportion the \$300,000 road and bridge appropriation, generally known as the "pork barrel." The apportionment of two years ago, with a 50 per cent increase to use up the additional \$100,000, was made in all except two counties. It was over these two counties that the miniature storm occurred, and it ended by the subcommittee passing a motion to reduce the amount for Meeker county by \$75, and apply it to Todd county.

The measure offered by E. E. Lobeck of Alexandria providing for a state-wide prohibition and Representative Lee's anti-treating bill were both killed in the house. There were sixty-one votes against the former and thirty-eight for it, while Lee's motion for rejecting an adverse report on his measure was lost by a vote of 40 to 59.

Thayer Bill Recommended to Pass. The Thayer bill providing a stamp

tax on board of trade sales of 1 cent per \$100 was recommended for passage by the house after a lively debate. L. H. Johnson of Minneapolis tried to amend the bill so that any broker who paid a \$50 license fee would escape the stamp tax, but this did not carry.

The house committee of the whole recommended for passage F. T. White's bill placing sheriffs on a salary basis all over the state. Henry Rines of Mora opposed the bill because it increased the cost to the counties in most cases, but the motion was adopted by a vote of 47 to 45.

The house in committee of the whole recommended for passage Representative Stuart's bill reducing the mortgage registry tax from 50 cents to 10 cents on \$100. The vote was thirty-four to fifty-four. This is a substitute for Mr. Stuart's former bill, which exempted them entirely from taxation. There was a question as to the constitutionality of exempting them entirely, so he proposed this nominal tax.

The Stuart bill applies only to mortgages on real estate. A bill for a nominal tax of three mills on other credits, such as state, county and municipal bonds, notes, accounts, tax certificates and the like was introduced by C. M. Bendixen of Morgan and T. J. Kneeland of Minneapolis.

Reapportionment Plan.

Copies of the reapportionment plan which the committee of the two houses are working on were handed to members of both houses. The scheme calls for fifty senators, instead of sixty-three, as at present, but does not reduce the present number of representatives, 119. The senate apportionment is based on one for each 40,000 and for representatives one for each county with one for each 15,000 additional. Every county, except two or three of the new counties in the northern part of the state, gets a representative. Ramsey and Hennepin get the same number as at present—five senators and eleven representatives in Ramsey, and seven senators and sixteen representatives in Hennepin—but some changes are made in the districts.

Kerry Conley of Rochester introduced a bill in the house designed to permit a packing plant to locate at the proposed Armour site provided it is true, as Minneapolis contends, that modern packing plants are odorless and inoffensive. His bill requires any person, firm or corporation establishing a soap factory, tannery, stock yard, rendering plant, packing plant or any other business of a nature that may be offensive within four miles of any state institution of learning, to give a bond to the state in a sum equal to 25 per cent of the cost of the plant, which bond shall be forfeited to the state whenever their plant becomes offensive or obnoxious to the state institutions and they do not remove the offense.

Some of the house members are sorry now that they passed the new prison bill, and a resolution for a committee of five to investigate the matter was presented to the house.

AMATEUR GOLFERS' EVENT

Annual North and South Championship Games Begin.

Pinehurst, N. C., March 24.—Beginning today and lasting until April 3 games in the ninth annual North and South amateur golf championships will be played on the local links.

The new eighteen-hole course opened a few months ago, has won the approval of the visiting players and low scores are expected. The local club now has two eighteen-hole courses and two nine-hole courses. Some of the best known amateur players of the United States will compete in the tournament.

Mrs. Hen—What do you think of this speculation in eggs? Mrs. Duck—My dear, it is the worst kind of a shell game.—Salt Lake Herald.

AERONAUTS UNHARMED

Were Lost in the Sierra Madre Mountains.

TRAVELLED SHORT DISTANCE

Balloon America Was in the Air Less Than Two Hours and Landed Only Fifteen Miles From Pasadena, Cal. Aeronauts Wandered Aimlessly Over the Mountains Until They Came to a Ranch.

Los Angeles, Cal., March 24.—After one of the most harrowing experiences in the history of ballooning, Captain A. E. Muller and his five companions who ascended in the big Ferris racing balloon "America" at Pasadena last Saturday afternoon and became lost in the Sierra Madre mountains, arrived on foot at Switzer's camp on the slopes of Mount Wilson unharmed.

The men passed through a series of hardships the details of which have not been learned. Arriving at Switzer's camp, they were provided with horses and began the descent from there to Pasadena over a tortuous and slippery trail. A single telephone wire across the mountains brought the first word of their arrival at the camp to the relatives in Pasadena. The wire shortly failed and but little information regarding the hazardous trip was obtained until the men reached Pasadena.

The balloon was in the air less than two hours. It was carried by the strong north wind over the mile-high summit of Mount Lowe and swept on across the intervening peaks and canyons to the lofty summit of Mount Gabriel. Here ballast was thrown out and the balloon soared away toward Strawberry peak, on the third range.

Successful Landing Made.

Crossing this at a low altitude, the balloon encountered a strong current of cold air, which brought it rapidly to earth. A successful landing was effected on the north side of Strawberry peak in what is known as Little Tejonca canyon about 5 o'clock Saturday afternoon, less than two hours after their ascension at Pasadena. The distance covered was less than fifteen miles in a direct line, but by any possible foot route many times that distance.

The aeronauts wandered aimlessly over the mountains until 1:30 Sunday afternoon, when they unexpectedly came to Colby's ranch, an isolated habitation, far from any road and without communication with the outside world.

In the meantime a terrific blizzard had swept over the mountains and for hours the men suffered from the cold. The meager supply of provisions which they carried was sufficient to guarantee them against hunger until their arrival at the ranch.

At the ranch the party remained until Monday afternoon, when the storm ceased. They immediately took up the snow-choked trails across the mountains toward Pasadena. The party traveled through Monday night and until Tuesday afternoon, when they suddenly came upon Switzer's camp, in the side of the mountain about ten miles from Pasadena by direct route. A party of rescuers on horseback was at Switzer's, having just returned after a twenty-four hour search for the missing men.

HIS FIRST FEW HOURS AT SEA

Roosevelt Passed Them in Resting From Fatigue.

On Steamship Hamburg, by Wireless, March 24.—Ex-President Roosevelt spent the better part of the afternoon in his first few hours at sea in resting from the fatigue of his strenuous departure. The weather was clear and balmy, the sea smooth and altogether the day was such a one as would tempt the sea voyager to the deck and open air, but Colonel Roosevelt had risen early and had passed through a most trying, though pleasing, experience, so he decided after luncheon to seek the seclusion of his stateroom.

Kermit Roosevelt and the other members of the party, however, spent the afternoon in the open, resting in deck chairs.

Mr. Roosevelt and his party had luncheon and dinner at Captain Burmeister's table. At both meals the ex-president's expedition into Africa was the chief topic and Mr. Roosevelt spoke enthusiastically of the pleasure the hunting trip afforded him.

Tides Cause Heavy Damage.

Oporto, March 24.—Phenomenal tides are doing great damage in the ancient city of Espinho, a seaside resort ten miles south of this city much frequented by Portuguese and Spaniards. The police authorities are causing the occupants of the houses along the sea front to move in order to avoid possible fatalities.

Finds Body in Straw Stack.

Vermillion, S. D., March 24.—While taking straw from a stack in a field on the F. H. Manard farm near Burbank, R. J. Waddington, a hired man, uncovered the body of a man about thirty years old. No clue to his identity has been secured. The body was frozen stiff and indications are that it had lain in the stack several weeks.

The only baking powder made from Royal Grape Cream of Tartar—made from grapes—

Royal Baking Powder conveys to food the most healthful of fruit properties and renders it superior in flavor and wholesomeness.

FINAL ACTION IS POSTPONED

Big Strike in France Is Not Yet Called Off.

WANT M. SIMYAN DISMISSED

Militant Strike Leaders Desire to Force the Government to a Public Confession of Defeat—Political Opponents of the Government Are Making the Most of Its Predicament. Leaders Confer With the Premier.

Paris, March 23.—Although the chamber of deputies by a vote of 345 to 138 again sustained the government's position with reference to the strike of the postal employees and several of the members of the strike commission consider the government's terms amply satisfactory, the hot heads at a big meeting succeeded in postponing final action for a day.

Not content with winning all the substantial points for which they contended, including the elimination of Under Secretary Simyan, whose retirement it is understood is only a question of hours, the militant strike leaders want to force the government to a public confession of defeat by the dismissal of M. Simyan, who is extremely obnoxious to the state employees. One of the speakers at the meeting threatened that the movement would be turned into a "revolutionary strike" unless satisfaction was given on this point.

The political opponents of the government are making the most of its predicament. M. Gauthier, the Nationalist deputy, in the chamber taunted the Radicals with having raised up a power before which the government and a supine majority are now cowering. The Journal des Debats considers the outcome a triumph for revolutionary unionism and declares that the government has capitulated because it realizes its impotency to accept battle.

The strike leaders had several conferences with the ministers. Premier Clemenceau met a deputation and said that the government would undertake a settlement in a conciliatory spirit, but it must refuse to bind itself with promises. The deputation was particularly anxious for the reinstatement of MM. Grangier and Simonet, but the premier would not accede to this. These men were the ringleaders of the strike in 1906, when they indulged in most inflammatory and insulting speeches against the government. They were dismissed from the service on this account.

TWO KILLED BY EXPLOSION

Locomotive Boiler Blows Up and Kills Engineer and Fireman.

Buffalo, N. Y., March 24.—Engineer Henry Kabel and Fireman John Gest of a Lehigh Valley freight were almost instantly killed near Corfu. The boiler of the engine exploded. Brake-man Myers was blown from the top of the cars by the force of the explosion and is internally injured. The force of the explosion was such that every house in Corfu shook and window panes were broken.

"So you enjoy going into the woods and living next to nature?" "Yes," answered the energetic citizen. "But the greatest satisfaction of a hunting trip is the satisfaction derived from the arguments you can have with the naturalists after it is over."—Washington Star.

SENATE KILLS TRADING STAMP

Passes Bill Prepared by Judiciary Committee.

NO STATE-WIDE PROHIBITION

Measure Offered by Representative Lobeck of Alexandria Killed in the House—Anti-Treating Bill Meets the Same Fate—House in Committee of the Whole Recommends Passage of Bill to Reduce Mortgage Registry Tax.

St. Paul, March 24.—After a speech by Senator G. P. Wilson the senate passed the bill killing the trading stamp. The bill was one prepared by the judiciary committee after argument in which the best lawyers of the state talked on the constitutionality of the proposed act. The bill prohibits the usual trading stamp, but permits them when the article is stated for which the stamp is good and provided that no definite number of stamps be required before something is obtainable.

Two state senators indulged in personalities at the meeting of the subcommittee of the senate roads and bridges committee appointed to apportion the \$300,000 road and bridge appropriation, generally known as the "pork barrel." The apportionment of two years ago, with a 50 per cent increase to use up the additional \$100,000, was made in all except two counties. It was over these two counties that the miniature storm occurred, and it ended by the subcommittee passing a motion to reduce the amount for Meeker county by \$75, and apply it to Todd county.

The measure offered by E. E. Lobeck of Alexandria providing for a state-wide prohibition and Representative Lee's anti-treating bill were both killed in the house. There were sixty-one votes against the former and thirty-eight for it, while Lee's motion for rejecting an adverse report on his measure was lost by a vote of 40 to 59.

Thayer Bill Recommended to Pass. The Thayer bill providing a stamp

To Awaken the Liver

Coated tongue, aching head, biliousness, indigestion, constipation alternating with looseness of the bowels, feelings of depression and ill-temper.

These arise from sluggish torpid action of the liver.

Relief comes after the use of one of Dr. A. W. Chase's Kidney and Liver Pills and cure with a few weeks' use of this great regulator of the liver.

With the liver right there is usually no disturbance of the digestive system or bowels. Therefore get at the cause of trouble by awakening the liver to action by use of Dr. A. W. Chase's Kidney and Liver Pills.

Mr. Z. M. TAYLOR, Port Chester, Md. writes:—"Having used Dr. A. W. Chase's Kidney and Liver Pills for a number of years I consider them the best liver regulator I ever used. I cheerfully recommend them to anyone afflicted with headache and other symptoms of a disordered liver."

One pill a dose, 25 cts a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Dr. A. W. Chase's Kidney and Liver Pills

H. P. DUNN, Druggist.

tax on board of trade sales of 1 cent per \$100 was recommended for passage by the house after a lively debate. L. H. Johnson of Minneapolis tried to amend the bill so that any broker who paid a \$50 license fee would escape the stamp tax, but this did not carry.

The house committee of the whole recommended for passage F. T. White's bill placing sheriffs on a salary basis all over the state. Henry Rines of Mora opposed the bill because it increased the cost to the counties in most cases, but the motion was adopted by a vote of 47 to 45.

The house in committee of the whole recommended for passage Representative Stuart's bill reducing the mortgage registry tax from 50 cents to 10 cents on \$100. The vote was thirty-four to fifty-four. This is a substitute for Mr. Stuart's former bill, which exempted them entirely from taxation. There was a question as to the constitutionality of exempting them entirely, so he proposed this nominal tax.

The Stuart bill applies only to mortgages on real estate. A bill for a nominal tax of three mills on other credits, such as state, county and municipal bonds, notes, accounts, tax certificates and the like was introduced by C. M. Bendixen of Morgan and T. J. Kneeland of Minneapolis.

Reapportionment Plan.

Copies of the reapportionment plan which the committee of the two houses are working on were handed to members of both houses. The scheme calls for fifty senators, instead of sixty-three, as at present, but does not reduce the present number of representatives, 119. The senate apportionment is based on one for each 40,000 and for representatives one for each county with one for each 15,000 additional. Every county, except two or three of the new counties in the northern part of the state, gets a representative. Ramsey and Hennepin get the same number as at present—five senators and eleven representatives in Ramsey, and seven senators and sixteen representatives in Hennepin—but some changes are made in the districts.

Kerry Conley of Rochester introduced a bill in the house designed to permit a packing plant to locate at the proposed Armour site provided it is true, as Minneapolis contends, that modern packing plants are odorless and inoffensive. His bill requires any person, firm or corporation establishing a soap factory, tannery, stock yard, rendering plant, packing plant or any other business of a nature that may be offensive within four miles of any state institution of learning, to give a bond to the state in a sum equal to 25 per cent of the cost of the plant, which bond shall be forfeited to the state whenever their plant becomes offensive or obnoxious to the state institutions and they do not remove the offense.

Some of the house members are sorry now that they passed the new prison bill, and a resolution for a committee of five to investigate the matter was presented to the house.

AMATEUR GOLFERS' EVENT

Annual North and South Championship Games Begin.

Pinehurst, N. C., March 24.—Beginning today and lasting until April 3 games in the ninth annual North and South amateur golf championships will be played on the local links.

The new eighteen-hole course opened a few months ago, has won the approval of the visiting players and low scores are expected. The local club now has two eighteen-hole courses and two nine-hole courses. Some of the best known amateur players of the United States will compete in the tournament.

Mrs. Hen—What do you think of this speculation in eggs? Mrs. Duck—My dear, it is the worst kind of a shell game.—Salt Lake Herald.

AERONAUTS UNHARMED

Were Lost in the Sierra Madre Mountains.

TRAVELLED SHORT DISTANCE

Balloon America Was in the Air Less Than Two Hours and Landed Only Fifteen Miles From Pasadena, Cal. Aeronauts Wandered Aimlessly Over the Mountains Until They Came to a Ranch.

Los Angeles, Cal., March 24.—After one of the most harrowing experiences in the history of ballooning, Captain A. E. Muller and his five companions who ascended in the big Ferris racing balloon "America" at Pasadena last Saturday afternoon and became lost in the Sierra Madre mountains, arrived on foot at Switzer's camp on the slopes of Mount Wilson unharmed.

The men passed through a series of hardships the details of which have not been learned. Arriving at Switzer's camp, they were provided with horses and began the descent from there to Pasadena over a tortuous and slippery trail. A single telephone wire across the mountains brought the first word of their arrival at the camp to the relatives in Pasadena. The wire shortly failed and but little information regarding the hazardous trip was obtained until the men reached Pasadena.

The balloon was in the air less than two hours. It was carried by the strong north wind over the mile-high summit of Mount Lowe and swept on across the intervening peaks and canyons to the lofty summit of Mount Gabriel. Here ballast was thrown out and the balloon soared away toward Strawberry peak, on the third range.

Successful Landing Made.

Crossing this at a low altitude, the balloon encountered a strong current of cold air, which brought it rapidly to earth. A successful landing was effected on the north side of Strawberry peak in what is known as Little Tejuca canyon about 5 o'clock Saturday afternoon, less than two hours after their ascension at Pasadena. The distance covered was less than fifteen miles in a direct line, but by any possible foot route many times that distance.

The aeronauts wandered aimlessly over the mountains until 1:30 Sunday afternoon, when they unexpectedly came to Colby's ranch, an isolated habitation, far from any road and without communication with the outside world.

In the meantime a terrific blizzard had swept over the mountains and for hours the men suffered from the cold. The meager supply of provisions which they carried was sufficient to guarantee them against hunger until their arrival at the ranch.

At the ranch the party remained until Monday afternoon, when the storm ceased. They immediately took up the snow-choked trails across the mountains toward Pasadena. The party traveled through Monday night and until Tuesday afternoon, when they suddenly came upon Switzer's camp, in the side of the mountain about ten miles from Pasadena by direct route. A party of rescuers on horseback was at Switzer's, having just returned after a twenty-four hour search for the missing men.

HIS FIRST FEW HOURS AT SEA

Roosevelt Passed Them in Resting From Fatigue.

On Steamship Hamburg, by Wireless, March 24.—Ex-President Roosevelt spent the better part of the afternoon in his first few hours at sea in resting from the fatigue of his strenuous departure. The weather was clear and balmy, the sea smooth and altogether the day was such a one as would tempt the sea voyager to the deck and open air, but Colonel Roosevelt had risen early and had passed through a most trying, though pleasing, experience, so he decided after luncheon to seek the seclusion of his stateroom.

Kermit Roosevelt and the other members of the party, however, spent the afternoon in the open, resting in deck chairs.

Mr. Roosevelt and his party had luncheon and dinner at Captain Burmeister's table. At both meals the ex-president's expedition into Africa was the chief topic and Mr. Roosevelt spoke enthusiastically of the pleasure the hunting trip afforded him.

Tides Cause Heavy Damage.

Oporto, March 24.—Phenomenal tides are doing great damage in the ancient city of Espinho, a seaside resort ten miles south of this city much frequented by Portuguese and Spaniards. The police authorities are causing the occupants of the houses along the sea front to move in order to avoid possible fatalities.

Finds Body in Straw Stack.

Vermillion, S. D., March 24.—While taking straw from a stack in a field on the F. H. Manard farm near Burbank, R. J. Waddington, a hired man, uncovered the body of a man about thirty years old. No clue to his identity has been secured. The body was frozen stiff and indications are that it had lain in the stack several weeks.

GRAIN AND PROVISION PRICES

Minneapolis Wheat.

Minneapolis, March 23.—Wheat—May, \$1.14; July, \$1.14½. On track—No. 1 hard, \$1.16½; No. 1 Northern, \$1.15½; No. 2 Northern, \$1.13½; No. 3 Northern, \$1.10 to \$1.12.

St. Paul Union Stock Yards.

Royal Baking Powder conveys to food the most healthful of fruit properties and renders it superior in flavor and wholesomeness.

FINAL ACTION IS POSTPONED

Big Strike in France Is Not Yet Called Off.

WANT M. SIMYAN DISMISSED

Militant Strike Leaders Desire to Force the Government to a Public Confession of Defeat—Political Opponents of the Government Are Making the Most of Its Predicament. Leaders Confer With the Premier.

Paris, March 23.—Although the chamber of deputies by a vote of 345 to 138 again sustained the government's position with reference to the strike of the postal employees and several of the members of the strike commission consider the government's terms amply satisfactory, the hot heads at a big meeting succeeded in postponing final action for a day.

Not content with winning all the substantial points for which they contended, including the elimination of Under Secretary Simyan, whose retirement it is understood is only a question of hours, the militant strike leaders want to force the government to a public confession of defeat by the dismissal of M. Simyan, who is extremely obnoxious to the state employees. One of the speakers at the meeting threatened that the movement would be turned into a "revolutionary strike" unless satisfaction was given on this point.

The political opponents of the government are making the most of its predicament. M. Gauthier, the Nationalist deputy, in the chamber taunted the Radicals with having raised up a power before which the government and a supine majority are now cowering. The Journal des Debats considers the outcome a triumph for revolutionary unionism and declares that the government has capitulated because it realizes its impotency to accept battle.

The strike leaders had several conferences with the ministers. Premier Clemenceau met a deputation and said that the government would undertake a settlement in a conciliatory spirit, but it must refuse to bind itself with promises. The deputation was particularly anxious for the reinstatement of MM. Granger and Simonet, but the premier would not accede to this. These men were the ringleaders of the strike in 1906, when they indulged in most inflammatory and insulting speeches against the government. They were dismissed from the service on this account.

TWO KILLED BY EXPLOSION

Locomotive Boiler Blows Up and Kills Engineer and Fireman.

Buffalo, N. Y., March 24.—Engineer Henry Kabel and Fireman John Gest of a Lehigh Valley freight were almost instantly killed near Corfu. The boiler of the engine exploded. Brakeman Myers was blown from the top of the cars by the force of the explosion and is internally injured. The force of the explosion was such that every house in Corfu shook and window panes were broken.

"So you enjoy going into the woods and living next to nature?" "Yes," answered the energetic citizen. "But the greatest satisfaction of a hunting trip is the satisfaction derived from the arguments you can have with the naturalists after it is over."—Washington Star.
